Eligible authors are entitled to free publication of their work (soft copy or IEEE), provided it aligns with the applicable dates and policies stated under the review, publication, and indexing process. No additional publication fees are charged. Registered authors will receive a certificate after presenting their paper.

Each paper must be a maximum of 6 A4-sized pages. Authors can extend their paper by up to 2 pages by paying an additional fee of ₹2,000 per page for Indian participants or $100 per page for international participants.

Discounts Available:

A 10% discount is offered for groups of five or more registrations from the same organization in the general category. M.Tech./B.Tech./MCA students qualify as full-time students, while Ph.D. scholars fall under the research scholar category.

Co-authors (if the main author is registered) and alumni of The Oxford can avail of a 20% discount on the base rate in their respective categories. Contact Mr. Karthik or Ms. Iffat at +91-81237-41175 or +91-81235-37007, or email icccnp@theoxford.edu, to claim the discount before registration.

IEEE/IET/CSI/IETE/IE(I)/ISTE/IITP/IMP members must provide their membership numbers and a copy of their membership card or proof of valid membership. Full-time students as of June 30, 2025, must submit a bonafide certificate from their institute, college, or department.

Instructions for Co-Authors:

For papers with multiple authors, one author must pay the full registration fee, while co-authors can avail of a discount. Co-author discounts require proof of the main author's registration payment.

Submission of Multiple Papers:

Authors or groups can submit multiple papers. Each accepted paper requires at least one full registration fee. For multiple accepted papers from the same group, an additional ₹2,000 is

charged for each extra paper after the full registration payment. Conference kits are not issued for additional papers, but certificates will be provided to the presenting author. Papers are eligible for presentation/publication only if at least one author registers fully.

Review, Publication, and Indexing:

Submitted papers will undergo a two-stage review process. In the first round, submissions are evaluated for technical suitability, scope, and plagiarism. Authors are advised to use tools like Turnitin or iThenticate to ensure originality before submission. The plagiarism report may be submitted alongside the manuscript. Qualified papers proceed to a double-blind review by three experts based on criteria like originality, clarity, relevance, and contribution. Final acceptance depends on the second-round review.

Accepted papers will be published in the pre-conference proceedings (soft copy with an ISBN number) on the ICCCNP2025 website, provided the authors register and present their papers. A selected set of papers will also feature in the hard copy of the conference proceedings (with an ISBN number). After presentation, accepted papers will be submitted for inclusion in IEEE Xplore, subject to quality and scope requirements. Note that poster presentations are not eligible for publication.
